

## **Harry A. Thibodeau, RPH, CCP, FASCP**

Harry A. Thibodeau is the President and Chief Operations Officer at Pharma-Care, Inc., serving as COO since September 2014. A licensed Consultant Pharmacist in New Jersey, he received his Board Certification in 1984 and was named a Fellow of the American Society of Consultant Pharmacists in 1985.

Harry oversees the Pharma-Care's daily operations, including Clinical Services, Human Resources, Contracting, and IS&T Production. Under his leadership the company has expanded into 10 states, providing services across a broad range of healthcare settings—such as long-term care, assisted living, pediatric and adult day care, mental health hospitals, dialysis centers, group homes, ambulatory surgical centers, and correctional facilities. His work focuses on PGX testing, data analysis, and comprehensive medication management aligned with value-based care models.

Harry is an active member of several professional organizations, including the American Society of Consultant Pharmacists, the New Jersey Association of Mental Health and Addiction Agencies, the New Jersey Pharmacist Association, and the New Jersey Academy of Consultant Pharmacists. He also served on New Jersey's Governor's Epilepsy Task Force.

He lives in Hamilton, NJ, with his wife, Christine. They have three grown children and seven grandchildren. In his free time, he enjoys golfing, mountain biking, fishing, canoeing, and traveling.
