

Heather Lewandowski

Heather Lewandowski, PharmD, BCGP, FASCP, is proud to be a Clinical consultant pharmacist in Long-term Care for over 30 years. She fell in love with geriatric pharmacy in the 90s during her clinical rotations. She currently owns a small clinical consultant service providing care for seniors in skilled and assisted living settings.

Heather became active as a student working with the Texas Pharmacy Association, Academy of Consultant Pharmacists. She is a founding member of the Texas Chapter of ASCP. As immediate past president of the chapter, she created the Texas Chapter Town Hall meeting, a monthly video conference covering clinical topics and regulatory issues. Heather worked closely with other pharmacists and the Texas Pharmacy Association to pass legislation strengthening pharmacists' collaborative practice with physicians.

Heather believes deeply in advocating for elders in her care. Providing optimum care for elders, ultimately supports the nurses, doctors, and administration that manages them. She advocates for students and works to ensure scholarships for travel to ASCP meetings and scholarships for her state organization.

Building our profession and giving elders the best care possible, requires students, and pharmacists who are passionate and requires a strong bond with State and National organizations. We only succeed together.
